

Village Matters
Harborough Magna Parish Council

June 2010

Welcome to the second edition of a newsletter from your Parish Council which we hope will give you more information on our work. On your behalf we continue to work with Rugby Borough Council, Warwickshire County Council and other public bodies such as the police and health service on a wide range of issues which affect us all. We also seek grants to help with general improvement to our Parish.

LEADER PROJECT FUNDING

Currently we have teamed up with a Canal Heritage event to be held in September in order to facilitate some funding through The Leader Project for the environmental education of our young people. This hopefully will enable us to provide the young people of our village with some organised fun activities, possibly associated with canal life and perhaps some additional equipment to support their needs around the playing fields. There has been a suggestion that football nets and basketball hoops would be a popular provision.

We would welcome any further suggestions from our parishioners including our young people. Please see the response sheet on the back of this newsletter and log on to Facebook.

NEW COUNCILLOR

We have now co-opted onto the Parish Council a regular attendee namely John Brady. Following the AGM on 24th May 2010 the council members are: Ian Bentlett (Chair), Elizabeth Biggs-Poyner (Vice-Chair), Julia Antrobus, John Brady and Ruby Joyce. Contact details overleaf.

NEW WEBSITE

The Parish Council is very grateful for all the hard work that has put into developing our new web site which is now up and running. Take a look at it on:

www.harboroughmagna.org

Here you will find all sorts of useful information including minutes of our meetings and details of various village activities. We hope that other groups that have done much good work for the Parish such as the Harborough Magna 2000 Group and the Church, will consider providing information on their activities.

NEW PARKING AREA

Many will have noticed the new parking area for the residents of and guests for Primrose Court which has been secured largely with additional grant funding from RBC. This was an identified need in the Parish Plan, to provide off road parking. It should also ensure ease of access for emergency vehicles to both Primrose Court and Meadow Way.
