

Round the Revel is the magazine of the villages and churches around Newbold Revel

Ten issues are published each year. The magazine is an excellent source of local information. It has a news page for each village, BEN Town Thorns and the Revel Surgery plus a diary listing local church services.

Each village has a local correspondent who submits items for inclusion in the magazine. Details of the correspondents, publishing team and local churches are listed below.

Round the Revel is an excellent source of information which includes adverts for many local tradesmen, services, organisations and events.

The magazine is distributed by volunteers and copies may be available in the porch of All Saints Church.
